To Mrs. Shultz

Mrs. Jennie Shultz 1967

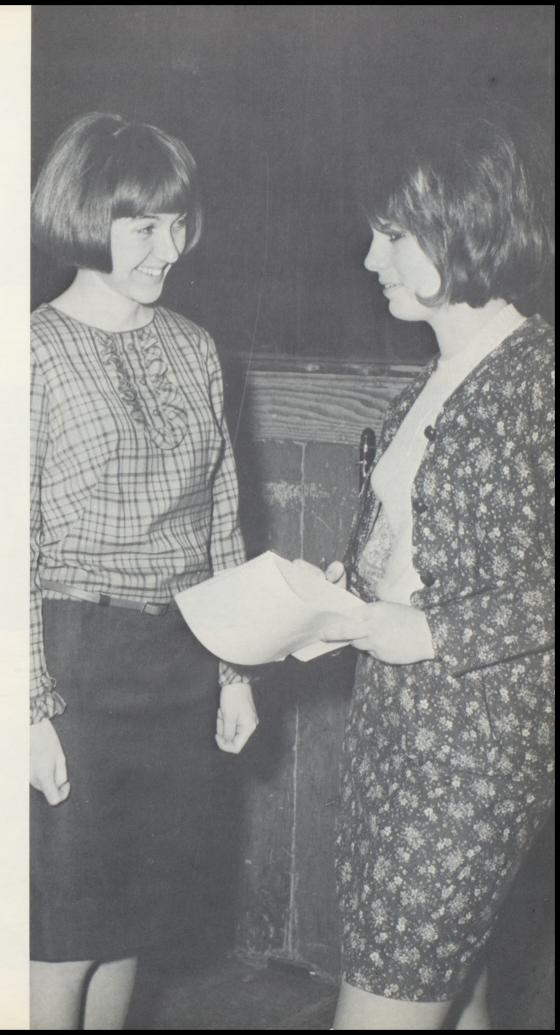

The student body is dedicating this year book to Jennie Shultz.

Johnston School is a better school because of Mrs. Shultz, and the students will long remember the wonderful memories of being associated with a dedicated teacher who was willing to lend a hand whenever needed.

The shots on either side were taken at an assembly held for our exchange students. Betty gave a brief talk on her family and life in Argentina. Then Roland spoke informedly on the customs, politics, and life in general in Germany. He paid special attention to the differences between the governments of his country and ours. We learned a great deal about his school system also. Late in the program, Betty was presented with a farewell present.

Foreign Exchange

Betty stayed at the home of Sally and Pat Faris during her visit. She was treated as a member of the family; evidently she enjoyed it. Betty had many slides of her mother, father, sister, and two brothers, which she showed her American Family.

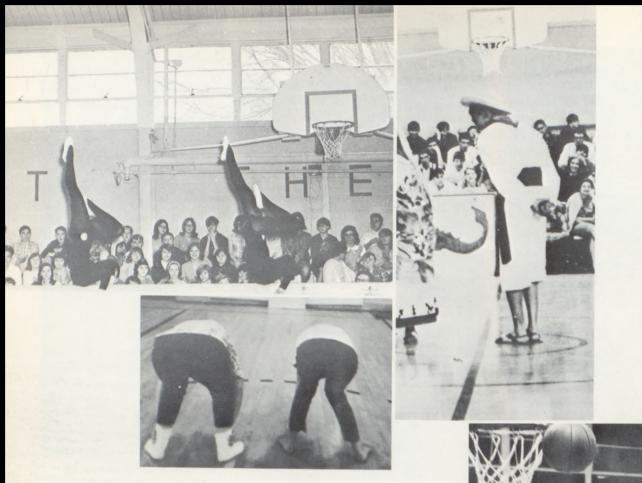

Students

Johnston High School had a one-year exchange student, Roland Bohme, this year. He came from Stuttgart, Germany with the Youth for Understanding Program in August of 1966. He soon became acquainted with the students and school system. He went out for cross-country because he thought that football, though he enjoyed watching it, would be a little too rough for him. When winter came, he was able to play varsity basketball and he enjoyed it very much. He was a good addition to the track team, setting a record in the broadjump and winning some medals for the school at the meets. Then, before track was over, he formed a one man tennis team. He won the Championship of the District and advanced to the State Meet. All in all, he enjoyed J. H. S. very much, and got well acquainted with the American way of life while staying with the Templeton's.

Roland went out for track, which he enjoyed. He won several medals and broke the broadjump record.

We, the Juniors of 1966-67, have carried on the tradition of our school in ordering class rings. We combined our efforts as a class in having bus washes to finance the Junior-Senior Prom.

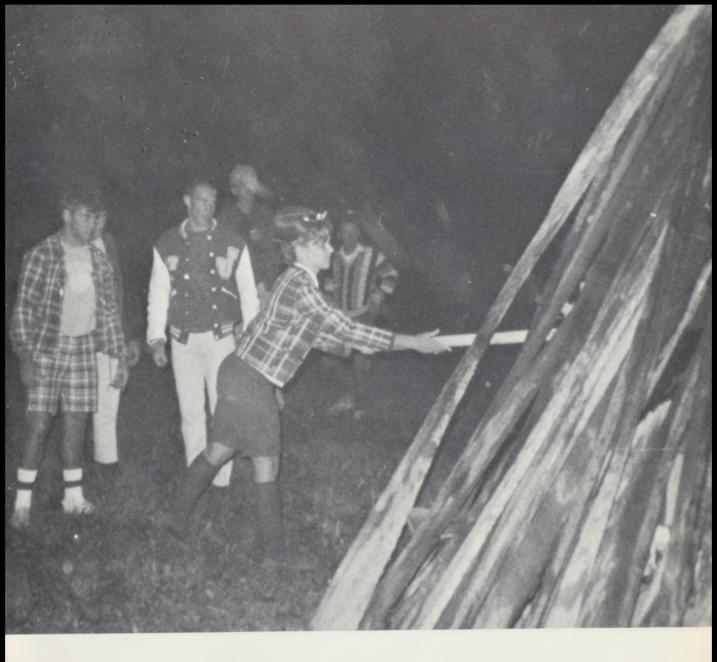

We learned to combine our efforts with the freshmen to win first prize in the lawn display contest at Homecoming.

Our class has had many honors placed upon us. Tammy Keegan received a trophy and a medal for second place in the Girl's Sectional free-throw competition. Tom Thomas became Johnston's first wrestler to take first place in the State Wrestling Tournament. Craig Lyman and Steve Matherly represented J. H. S. in the Youth for Understanding Program. Craig spent the summer of '67' in Denmark and Steve in Sweden.

We feel our Junior year has been a success and we have proved that we will be long remembered.

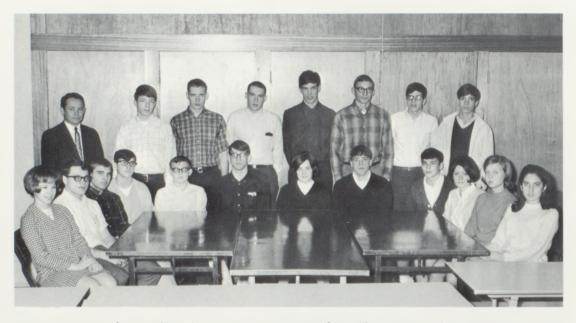

Any Suggestions?

The students were greeted at Johnston High with new water fountains to help quench our thirst. This was one of the first of many improvements made by the "66-67" Student Council under the leadership of President Merlin Perdue.

A fabulous homecoming was another result of this energetic group. It will take much effort to equal this wonderful event.

The sponsoring of a needy family, at Christmas showed the Council's concern for the welfare of people outside our community. The act evoked a fine response from students in contributing clothing and toys.

An ice-cream machine was favored by all students. This was another improvement, for Johnston High School.

Interwoven in the Council's year of success were three outstanding assemblies. These were the demonstration of Grandview gymnastics, a talk by three drug addicts, and a speaker on smoking and cancer.

The success of the Student Council was due to the best faculty-student relationship that has been shown for a long time. Another contributing factor was that the Council worked together to accomplish a prosperous year for Johnston High.

This year the National Honor Society had their induction ceremony for new members. A special assembly was called and members participated in a trial of the qualities of the nominees for membership.

The parents and members enjoyed the convocation and tea afterwards.

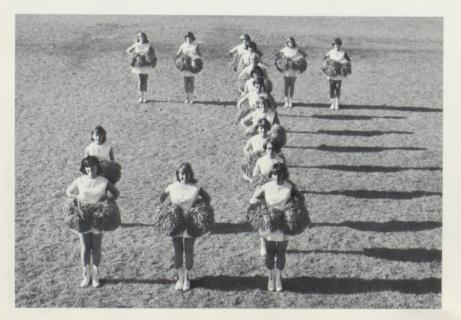

The Johnston Marching Band made a good performance at the four home football games this year. Led by Jayette Sheeks, drum majorette, and directed by Mr. Reisetter, the band presented many new routines and songs in the various events they participated in this year.

During the half time of the home football games, the drill team entertained spectators with many new routines and additions. These additions included new white satin uniforms accented with white marching boots, purple and white pompons, and miniature lights that are attached to the boots when they perform in the dark. Captain Jackie Shore, with the help of cocaptain Sheila Sharp guided the drill team to a very successful and enjoyable year.

Mr. Eldon Reisetter

In February, twenty-five musicians from Central Iowa gathered at the Drake University Fieldhouse to participate in an Honor Band. Dr. Rittenhouse, of Central College at Pella, directed the band in ten numbers. The band was composed of approximately 265 outstanding band students. Tom Nettifee, Carolyn Nettifee, and Vickie Sayer were selected from Johnston. The three agreed they had a musically rewarding experience that was lots of fun.

Pep Club at Work

PEP CLUB

The Pep Club sponsored a bake sale, again this year, to raise money. They used this money for a dance which they called, "The In Spot." It was the first time the Pep Club had sponsored a dance and it was a success.

President, Kay Tweedy says, "It was a prosperous and fun filled year for the J. H. S. Pep Club."

Spoon River

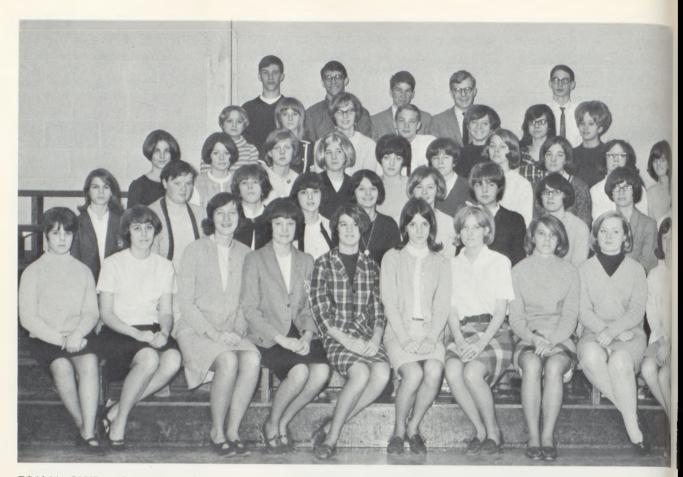

Craig Lyman and Kathy Kimsey accompanied the actors with several beautiful ballads.

The first effort by the Drama Club was "Spoon River Anthology." It was based on the book by Edgar Lee Masters. The six members of the cast played the parts of residents of the Spoon River Cemetery. They recounted their lives as they saw them in the light of the wisdom they had gained.

The various parts were interpreted by Mike Lowry, Cindy Auscilio, Tom Nettiffe, who are pictured above, and Elizabeth Boyt, Gary McCaughtry, and Becky Roberts, who are pictured to the right.

Drama

A crisis is in the offing; Adrian is coming for a visit and is expected to propose to Jo, who does not know what she will say. Players from left to right are:
Mike Lowry, Claudia Snyder, Cheri Proudfit, and Sally Boley.

Vickie Sayer, Ila Mrzena, THREE: Lynn Priscilla Moss, Sandy Nelson.

After having said no, Jo (Sally Boley) discovers that she loves Bags (Mike Stocker). Mike Lowry, her absent-minded father, does not quite understand.

Club Sponsored "Yes and No"

The Drama Club sponsored the all-school play, "Yes and No". The play, which lasted more than two hours, was presented in three acts. In the first act, Jo says no to a marriage proposal. During the ensuing trouble, she discovers that she loves her sister's suiter, Bags, and her sister finds that she loves Jo's young man. The second act revolved around what happened when she said yes. The same problems developed, but in this instance, Bags, not Jo, made the first move. Unfortunately, Joe had already consented to go to Adrian, her fiance, when he had reached his diplomatic post. In the last act, Adrian did not even propose to Jo; he was in love with her sister. Instead Jo and Bags discover their material attraction. Despite the fact that all the action took place in one room, it was an extremely funny play. The stars were: Sally Boley, Claudia Snyder, Mike Lowry, Cheri Proudfit, Gary McCaughtry, Mike Stocker, and Vickie Van Horn.

Library Club

This year the library has continued to serve the students and faculty with a variety of enjoyable reading matter; books, newspapers, and magazines and extensive reference material. The paperback book store in the library has been a success, also.

A generous gift from a savings bond that belonged to James Paul Weatherspoon was donated to the library. We appreciated the many great current fiction books that this gift has made possible.

This year, a special pass was available in the study hall for reading the newspaper in the library.

Journalism Class vs. the Annual

Our yearbook staff put in some long, hard hours preparing this yearbook for you. Writing good copy, meeting deadlines, and creating interesting layouts are demanding, difficult and yet interesting work.

We worked the whole academic year taking pictures and preparing the book. No one in our class had any experience in photo-journalism, we had to learn as we went along. We were lucky to have a set of art students in our class. They made some very interesting and pleasing layouts.

We enjoyed working under the auspices of Mrs. Van Deusen. She directed our efforts and kept the machinery running smoothly.

Putting Out the Paper --

The Journalism class worked as a team stapling each copy of The Dragon. The Dragon, our bimonthly mimeographed newspaper was organized by editor, Virginia Hatfield.

The paper staff felt a challenge in providing more informative, interesting, and thought provoking articles. Each issue required a great deal of dedication and hard work, but it was well worth the effort put forth.

-- Was a Real Blast!

Typists for The Dragon found that publishing a newspaper was a lot of work coupled with fun and enjoyment. Each article was dummied, stenciled, proofread, and mimeographed. The success of the Dragon resulted from the work of the faithful typists and the dedication shown by the paper staff.

Commencement ---

Commencement exercises were held for the 61 graduating seniors May 23, 1967 in the Johnston gymnasium. Richard J. Bugler, Area Manager of Dale Carnegie Corporation, gave the address. Michael Lowry and Thomas Nettifee were Valedictorian and Salutatorian respectively. President of the Board of Education Mr. Robert Soldat presented the diplomas. The Senior High Chorus sang "You'll Never Walk Alone" and "Halls of Ivy."

Class Flower: Yellow Rose

Class Colors: Yellow and Navy Blue

Class Motto: "The heritage of the past is the seed that brings forth the harvest

of the future."

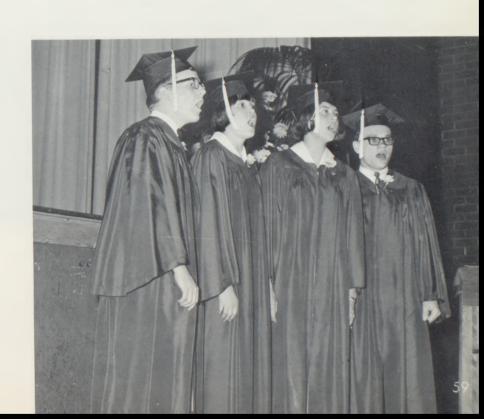

Juniors Carol Huston and Craig Lyman escorted the Senior Class of 1967 to their places for the Commencement exercises. The Senior Quartet, consisting of Kathy Kimsey, Susan Masters, Michael Lowry, and Thomas Nettifee, performed their last selection together. They sang "Climb Every Mountain" by Rodgers and Hammerstein.

It's mine, you can't have it!

The Johnston High Football team had a very successful season in 1966. We had a season record of 5-3 and a conference record of 4-2. We tied for second place with Carlisle High School in the Surburban Conference standings at the end of the season.

Merlin Perdue received honors as "outstanding back" in the Cerebral Palsy game and was voted as an all-conference team halfback. Steve Otto was also a member of the all-conference offensive team as a tackle. Tom Thomas and John Turpin were all-conference members on the defensive team at defensive middle guard and linebacker positions.

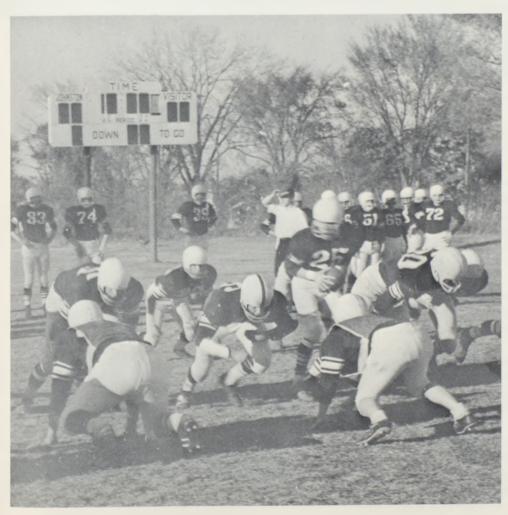

Other team members received honorable mention awards in the Surburban Conference. They were: Mike Miller - offensive end, Jeff Simpson - offensive guard, and Richard Seibert - defensive end.

Our team was led by the finest coaching staff in the conference. Mr. William Kibby, the head coach, gave the team the extra incentive needed to win ball games. The defensive coach, Mr. Keuhl, made The Dragons into a powerful defensive team, timing and technique paid off.

Our boys spent a lot of hard work and long hours practicing for a successful season.

Mr. Football

Merlin Perdue has been given the honor of being Mr. Football, 1966. The 1966 football team was an outstanding one, and there were many outstanding players. But it certainly was not difficult to name the most outstanding player. Perdue stands head and shoulders above all the rest.

Perdue started taking honors in football his sophomore year. An athlete that even plays varsity football his sophomore year has got to be good. Merlin not only played; he was voted the "most valuable" back in the Annual Cerebral Palsy benefit game.

The next year Perdue again received honors for his talent on the gridiron. He was awarded a position on the All-Suburban Conference defensive team, as a defensive back.

Perdue played even better his senior year. Again he was given the "most valuable" back awarded at the Cerebral Palsy game. He was placed on the All-Suburban Conference offensive team as a halfback. He was also made honorable mention on the All-State Offensive Team. Then, after the season, he was given the Outstanding Athlete of the year award by the Fellowship of Christian Athletes, the Johnston chapter.

There surely can be no doubt that Merlin Perdue deserves the honor of Mr. Football 1966.

Paul McCelland, Chris Boley, Chuck Smith, Roland Bohme, Fred Reichenbach, John McCelland, Coach Herrick.

Cross Country Team

The Johnston High School Cross-Country team ran to success in 1966. The team, under the coaching of Mr. Oburn Herrick, received fourth place in Surburban Conference standing at the end of the season.

The members of the team ran to seventh place in the state in the mile team race. They also got eighth place in the Cross-Country Sectionals meets. This race is a mile and eight tenths. No one can doubt that this is a long way to run!

The outstanding competitors on the cross-country team for 1966 were Roland Bohme, Fred Reichenbach, and John McCelland.

Girls' P.E.

Like the year before, we had physical educational classes once a week. Mrs. Cross taught the fundamentals of several sports; among them were basketball, soccer, field hockey, volleyball, and basic gymnastics.

Physical Education

Boys' P.E.

The boys' physical educational classes this year did many unusual activities; playing hockey, basketball, climbing the ropes, track, wrestling, baseball, and exercising.

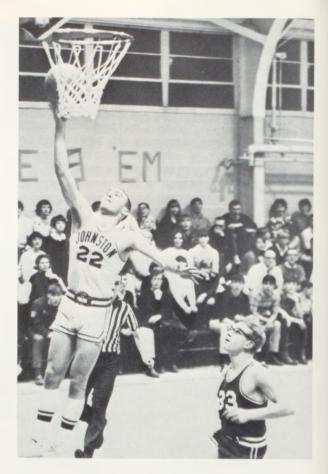

The boys' P.E. classes were taught by Mr. Kuehl. This was his first year at Johnston.

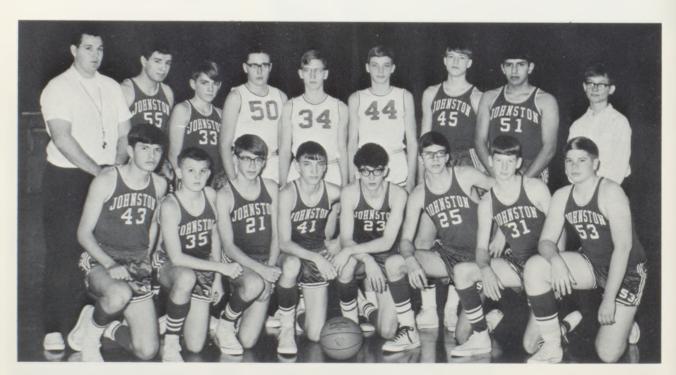

The 1966-67 boy's basketball team experienced the best season J. H. S. has had in years. Finishing with an 11-7 record, the Dragons tied for second in the conference. The team was led all season by the hot shooting of Captain Mike Miller-1st team all-conference as well as its leading scorer. Honored on the all-conference 2nd team was co-captain, Jeff Simpson. He was probably the most consistent player and, at 5'11", led the team in rebounds - 198.

Behind their captains were All-Conference honorable mention Merlin Perdue, third in scoring but first in hustle; Rick Clarkson, leading the team in assists; and alternating centers Steve Otto and Rick Seibert, 2nd and 4th in rebounding, respectively. Steve Steffens, the other startee, played good ball all year long and was the regular junior. Senior Barry Huth and juniors John Sims and Andy Swanson provided a strong bench throughout the season.

After an 8-6 record in a largely class AA Conference, our class A team swept its first three tournament games for the second year in a row to become Sectional Champions.

This is Basketball?

The 1966-67 Girls Basketball team ended its season with a 5-12 record. Although the team didn't have the best record, the many close games showed a definite improvement over last year's record.

Tammy Keegan's 25 point average, Linda Hanna, and JoAnn Weatherspoon's rebounding were the decisive factors in our success in the sectional tournaments.

We placed fourth, of twelve, in the sectional play-offs. Tammy Keegan also won second place in the all suburban second team. Those receiving honorable mention were Kathy Reams and Linda Hanna.

Even though we will be in a different conference next year, we will have the same basic team. Only forward, Jackie Shore, and guard, Elvera Massarini, will be leaving the team. So, with the great coaching of Jack Brady and Gary Diddy, we hope to have a successful team for the 67-68 season.

The Johnston High School Wrestling team had a fairly successful record for the 1966-67 season. The team placed 4th in the Greenfield Tournament and secured a State Championship.

The team was working with a new coach this season, Ron Trudo. Both the team and the coach were quite enthusiastic; thus the team developed a great deal in the course of the season. Mr. Trudo is developing a fine future team from a very promising crop of underclassmen wrestlers and is helping the underclassmen to develop the skills they already have.

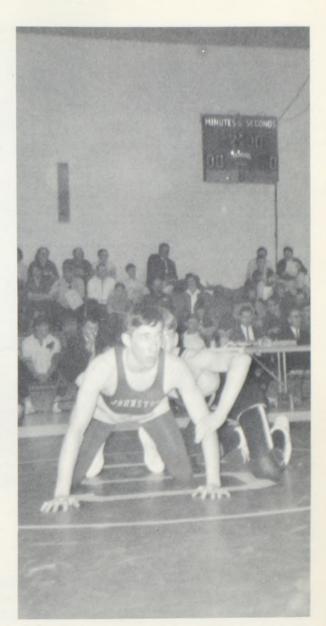

We are looking forward to a fine season next year with the return of a half dozen promising wrestlers.

John Crees awaits the beginning of his match.

One of Tom's many trials at the State Wrestling Tournaments.

The most outstanding member of the Johnston High School Wrestling team for the 1966-67 season was, without a doubt, Tom Thomas.

Tom has piled up a great record for Johnston in the last two years. He has been Suburban Conference Champion, twice.

Tom was undefeated for the 1966-67 season. He secured the position of Class A, Iowa State Wrestling Champion at 138 lbs. (weight class.)

It is difficult to be a champion once. It takes skill and determination but Tom's record is incomplete. He was a junior this year and he still has a season ahead of him. We all have great hopes that he will be able to secure this position again next year.

Will he make it?

Girl's and

"Success" is the word to describe Coach Braby's girls track team this year. Besides winning many of their dual and triangular meets, they came in second in the Suburban Conference Meet and brought home four first-place trophies.

At the District Meet, they placed with a tie for sixth out of fourteen teams. From these meets, six girls qualified for the State meet. Among them were half-miler Tammy Keegan, 220 sprinter Kathy Reams, and the mile relay team which consisted of, Patty Burkett, Debbie Green, Beth Ann Harmon, and Connie Enzmann.

The big crop of freshmen out this year has given the team plenty of support and helped them to break many school records. All in all it was a very successful year.

FIRST ROW: Gayland Morgan, Dennis Doud, Tom Nettifee, Steve Lown, Paul McClelland, Charles Garrison, Gary Brown, Coach Murray. SECOND ROW: Blake Running, Bernie Draper, John Sims, Merlin Perdue, Steve Matherly, John McClelland, Gary Busby, Coach Herrick. FOURTH ROW: Doug Snow, Rick Clarkson, Rich Eichhorn, Gene Bass, Mike Miller, Roland Bohme, Steve Otto, Fred Reichenbach.

Boy's Track

A revival of interest in track was started in 1967 by our new track coach, Mr. Murray. Track is on the upswing. Breaking records come through hard work and determination due to very poor weather this season. But, nonetheless, at the time this was written, three records were broken. A senior, Steve Otto, broke the school discus record at 131 feet 6 inches. A junior, John Sims, broke the record for the 120 yard hurdles with a time of 15.2 seconds. Also Roland Bohme, a senior and a German foreign exchange student, broke the school broad jump record with a distance of 21 feet 11 1/2 inches.

The season was not over at the time this copy met its deadline. Other records were no doubt in jeopardy. At the time this was written, the 440 relay team was a tenth of a second from the school record. Also Merlin Perdue was only a second from the school record in the 440 yard dash.

Rich strives for a place.

ROW ONE: John Turpin, Rick Clarkson, Mike Miller, Steve Otto, Richard Seibert, John Sims, Jeff Simpson, John McClelland, Rich Reams, Mike Lowry, Tom Thomas. ROW II: Doug Moreland, Steve Spencer, Jim Wallace, Bill Beattie, Jim Briley, Mike Briley, Mike Fox, Paul McCelland, Randy Long.

This year our baseball team is very hopeful of having a successful baseball season. The baseball coach this season will be Mr. Glenn Kuehl. Returning lettermen, in baseball, include Mike Miller, Rick Clarkson, John Turpin, Barry Huth, Mike Lowry, and Jeff Simpson, all seniors.

ADMINISTRATION

The Johnston Community School district is governed by the school Board of Educators. Their main job is to formulate policies and regulations. The members of the Johnston School Board are elected at large. By using this method they represent all citizens of the district rather than a certain area. They spend many hours of the year working on school problems and attempt to arrive at sensible decisions.

School-Board

Superintendent-Sims

The Superintendent is responsible for carrying out the policies set up by the School Board of Education. He tries to coordinate the various departments in the school. He is responsible to all citizens of the school district.

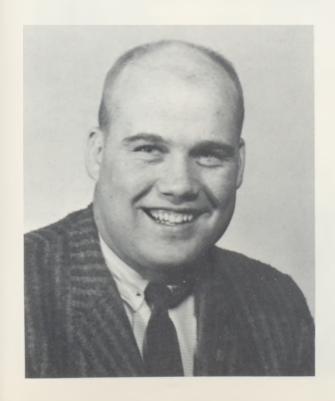

One of the busiest people at our school is Principal Don Skeahan. His primary concern deals with the functioning of this building. He interviews new teachers and he works with the staff to evaluate and revise the curriculum. He is responsible for the extra curricular activities and he disciplines the students.

Skeahan-Principal

Mr. Cookman Counselled Us

Mr. Jay Cookman has enjoyed his fourth year as guidance counselor. He has been a great help to the students, assisting them in choosing their courses and helping them to prepare for their future. He also has aided the students in his guidance for personal problems.

Languages

English is a required subject here at Johnston High. As freshmen we were introduced to literature. Sophomores studied Julius Caesar, while the juniors studied American literature and wrote research papers. The seniors spent the year on English literature with the reading of Macbeth. Creative writing was taught to help us express ourselves through writing. Speech was used to help us overcome the abject terror of speaking in front of an audience. In French, students were taught to speak and write French with ease.

ABOUT THE NATIONAL GUARD

* * * *

The Army and Air National Guard embodies the development of the militia, as envisioned by the framers of the Federal and State constitutions and as implemented by Federal and State statutes. George Washington in his address to the first congress, as the first President of the United States, stated the basic principle of this militia concept as follows:

"Every citizen who enjoys the protection of a free government owes not only a portion of his property but even of his personal services to the defense of it".

The Federal and State constitutions, legislation enacted pursuant thereto, and decisions of the courts, have developed the principle that the National Guard, as embodiment of the militia concept, and during such time as it is not in the active service of the United States, is a military force available to the governors of the states for internal security purposes.

The National Guard has a proud tradition of service that is deep rooted in the development of the communities, states, and the nation that it serves. The Guard has the longest continuous history of any military organization in the United States longer than that of the regular services, tracing its origins back to the early 17th century militia organizations. The unique battlefield-home community relationship of the Guard makes its capabilities for service, either to the community, state or nation, practically unlimited. Not a month goes by but that somewhere in the Nation, Guardsmen are performing public service at the community or state level.

The average cost of maintaining a U.S. Army soldier in peacetime is approximately \$5,700.00 a year. This includes pay, allowances, food, clothing, housing and travel costs, training, medical care and maintenance of equipment.

"What about the cost of maintaining a Guardsman?" The pay of the Guardsman is only one-sixth of that of the regular. There is relatively little cost for feeding or housing the Guardsman because he eats and sleeps at home except during field training.

It is not intended to advocate replacement of the active armed forces by reservists just to save money, but it is desired to emphasize that the Guardsman does represent high dollar value in terms of National Defense and State and community internal security, and he is helping to stretch military expenditures to provide the greatest possible National Defense structure and security from both the Federal and State funds provided.

Ideas Built
Our Success

People with fresh ideas—not buildings and equipment—built our success. Sure, we have four research farms, high-speed computers, and the latest scientific instruments. But, most important, we have creative, imaginative people operating the computers and instruments and directing the research on our farms.

Their ideas have produced the world's largest selling layer—a bird with top profit potential. Hy-Line layers are sold in more than 65 countries. Over 160 million Hy-Line chicks were hatched last year.

Even better Hy-Line layers will be bred in the coming years. Hy-Line "idea" people will make sure of it.

Where does education end?

Everybody knows where education begins. It begins with that first hungry search for nourishment, and it goes on through that first word and that first step and that first painful punch in the nose. It grows taller as it grows familiar with letters and numbers and names of things and names of places, and answers increasingly more who's and what's and where's and why's and how's. Everybody knows where education begins, but nobody knows where education ends especially yours, except you. And where your education ends depends mostly on you and how well you want to be able to answer questions like these plus one more question, too, asked ever so frequently ---"What can you do for me?"
